

EDUCATION

2022 IN REVIEW

Jubilee PARK

Only **39%** of Jubilee Park middle school students passed the STAAR reading test compared to an average of **67%** statewide.

42,946 enrichment hours

43 TEENS ENROLLED IN PILOT PROGRAM

287 CHILDREN IMPACTED BY EDUCATION PROGRAM

“
From trying to figure out where you fit in, to making sure you make it across that graduation stage... there are a lot of pressures facing teens like me. That's why it's important that places like this, the Jubilee Teen House, exist. Because of Jubilee, I feel ready to take on my senior year, and whatever lies beyond.”
— Jubilee Park Teen

Children who attended a majority of programming scored **25%** higher in reading

improved in math.

11+ PARTNERS

85% of K-3 students improved at least one reading skill

of 1:1 instruction per child for students with learning differences than in 2021

JUBILEE PARK TEEN PROGRAM

EDUCATION SNAPSHOT

THE PROBLEM

The American Academy of Pediatrics reports that unsupervised time after school predicts early use of alcohol and tobacco, as well as sexual activity.

of students qualify for free or reduced lunch.

For every child in an afterschool program in Texas, **3** more are waiting.

THE SOLUTION

EDUCATION + ENRICHMENT

- Award-winning afterschool program
- Academic summer camp
- Reading intervention
- Math intervention
- 6+ extracurriculars
- Specialized support for students with learning differences
- Field trips
- Snack and dinner
- Summer groceries for the entire family
- Nutrition education
- College and career education for teens

THE IMPACT

Teens Take Flight

With a lurch, the plane started barreling down the runway, moving with what felt like impossible speed. Jubilee’s Teen Coordinator leaned over and gently tapped Daniel’s arm. It was an exciting moment for her class. The Jubilee Teens had been the only non-highschool group selected to attend a youth leadership conference in Minnesota for their campaign to increase COVID-19 vaccination rates in their community. At the conference, they would even get the chance to experience what life would be like on a real college campus! Like many of her students, this was Daniel’s first time on a plane. She didn’t want him to miss a moment. “Daniel,” she whispered. “Isn’t that something?”

Daniel gripped the armrests and took a deep breath as if he was about to plunge underwater, watching the world shrink beneath him. His eyes filled with wonder. He saw Dallas sprawled below them, roads extending in every direction; who knew it was so big?

Education is a first-class ticket to new worlds and better opportunities. That’s why Jubilee strives to equip children of all ages with the tools they need to dream big dreams, and the resources to achieve them.

“
How can we tell our children to dream big when the entire world they know exists in just a few blocks?
”
