THE IMPACT

Introducing Jubilee Park Food Pantry

When the pandemic ripped through Jubilee Park, the immediate and sharp rise in food insecurity was overwhelming. We pivoted immediately to provide emergency food distributions, hoping we would soon be at the other side of the crisis—but two years later, the need was not subsiding. That's when we realized that, even in the best of times, our families cannot escape the fact that their neighborhood is a federally designated “food desert” and a “food swamp,” meaning that it is difficult to access healthy, fresh foods our families need to thrive.

So, when Jubilee was presented with the opportunity to partner with the Dallas Regional Chamber's Leadership Dallas Class of 2022 to establish a permanent food pantry, we were thrilled. This vital resource would mean that every neighbor could have permanent access to healthy, fresh food completely free of cost.

A far cry from the usual canned food fare, the Jubilee Park Food Pantry provides fresh food, pantry staples, hygiene items, and so much more. Most importantly, the pantry not only helps feed our families, but during their most difficult hours also restores hope, choice, and dignity.

“The Jubilee Park Food Pantry will restore hope, choice, and dignity to our most vulnerable neighbors.”
